

March 17, 2011

To the members of the Camden County Boathouse,

I am only to happy to write a letter of recommendation for Due Amici Catering/Restaurant. First of all I am very familiar with your venue. My daughter, Heather DeHainaut, rowed for the University of Michigan and coaches Vineland High School Crew. You have a beautiful boathouse and expect only very reputable people to host occasions at your venue.

Due Amici's catered our daughter, Heather, wedding. Jen, the banquet manager, and Dan, the owner, organized a beautiful affair. Not only did they act as the caterer, but as a wedding planner. From pre-wedding to post wedding they took care of every detail. The food from appetizers, entrée, to deserts were the best we ever had at a wedding. The decorating and presentation of the food was wonderful. The servers were warm, friendly and very professional. The staff took a personal interest in cleaning up the Valenzano Winery after the wedding because they know their reputation relies on returning the venue to its original state.

We could not thank Due Amici's staff enough for the incredible job they did to make our daughters wedding day perfect. Jen and Dan acting as the wedding planner took all the worry from me. I had the best time I have ever had at a wedding. They made all of our dreams come true and allowed us to take in the best day of our lives.

Please feel free to contact me if you have any questions.

Sincerely,

Mary Linda DeHainaut
